

Yummy, Yummy! Food for My Tummy!

Written by Sam Lloyd

This book may also be found under the title of Shark Trouble. It's the cutest little picture book about two chimps living on neighboring islands that can't get together because of the hungry sharks patrolling the region.

Guided Reading: It's a perfect example to use for a clearly defined setting, problem, and solution, along with several clever attempts by the characters to solve the problem.

Writing Block: Since we're teaching story elements in writing, Yummy, Yummy can be used to illustrate how this author put the elements together.

Self-Selected Reading: A great read-aloud for your most expressive voice!
